Re: Deferment of Bonding  
Requirements

Dear Mr. Penman:

Enclosed are the materials which you requested during our telephone conversation this morning. I hope these will give you the background you need on the Utah Mined Land Reclamation Act. Under the Act a form of surety accepted by the Board is required to cover the cost of reclamation. The Deferment notice which you received we hope will encourage Operators of existing mines or mills to file before the June 1977 deadline. In this way the reclamation plan will be approved and the surety amount set without the actual posting of surety until October of 1977.

If we can assist you in any way in the preparation of your mining and reclamation plan, please contact myself, or our Geologist, Jim Carter at this office.

Very truly yours,

Ronald W. Daniels  
Coordinator of Mined  
Land Development
